

Why customize a house key?

A house key is used several times every day, is kept on average for nine years, and is always with its owner everywhere they go. Your imprint receives thousands of impressions, for years.

**"STANDARD"
HOUSE KEY**

**"BOTTLE-OPENER"
HOUSE KEY**

A Custom House Key is a real key that can be cut by any key cutter and used as an actual house key. Give a person a key with your logo on it and it will be kept on their keyring for years, giving you thousands of impressions over its lifetime. People take their keys everywhere they go, and your custom imprint will always be there within reach.
